Bay Area Gestalt Institute

Queer Gestalt Process Group
East Bay Bi Weekly

We are offering a gestalt process group for queer and gender queer/trans individuals. It is our hope that members will emerge from this group with a greater awareness of boundaries, desires, emotional/somatic experience, how they impact and are impacted by other people. Ideally, this group would develop additional community support for queers interested in deepening gestalt awareness practices.

Our group intentionally has no theme; we will work with what is alive and emergent as experienced by group members in the moment of our meeting. Our work may include interpersonal, intrapersonal and dream work. We welcome people of all gender expressions, sexualities, races, expression of self (introverted or extroverted)—to name a few.
